

Chemical Exfoliating Peels & Peel Alternatives

These light-to-medium depth peel formulas effectively exfoliate with blends of acids. These peels help repair and reduce breakouts, control oil, soften lines and provide a more even, smoother skin texture & discoloration. \$50 to ADD-ON a facial

Lite Peels

A superficial peel with no down time and no flaking or peeling \$70-\$80

Advanced Blended Peels

Range in strength from light to medium depth based on number of layers and boosters. Results are customized per individual. May experience moderate to minimal peeling. \$125 & up (Price varies depending on depth of peel and number of layers.)

Oxygenating Trio Treatment (a peel alternative)

This antioxidant therapy corrects and prevents free radical damage, as oxidative and environmental stress is one of the more significant contributors to the aging process. This treatment helps stimulate oxygenation and circulation, rejuvenating sluggish, stressed skin as it draws oxygen to the skin's surface, resulting in radiant, healthy skin. \$115

Smoothing Body Peel

An excellent choice for treating problem areas on the arms, legs, back, chest, hands and feet. Excellent for rough areas behind arms and rough, dry skin. This two-step treatment is formulated with ingredients that even discoloration, while smoothing and brightening. For best results, boost your results by combining with Microdermabrasion, LED light or retinol boost. \$55-\$325 (Price varies depends on body part, depth of peel and number of layers.)

LED Phototherapy

LED Therapy is a safe and effective light technology treatment designed to diminish fine lines, wrinkles and age spots on the face, neck and body; increasing skin tightening, firmness & glow. The skin naturally appears smoother, tighter, firmer. There is no downtime or risks with the LED light. Contraindications are epilepsy, pregnancy and those taking photo-sensitizing medications. Each treatment includes an antioxidant blueberry resurfacing peel to stimulate the rejuvenation process, while LED light begins "wound-healing", resulting in total cell regeneration. \$125 per treatment.

Generally done in a series of 6 treatments with a 1- 2 week interval. We suggest microdermabrasion or a peel to maximize results.

La Piele Bronze - UV Free Spray Tan

Our tanning solutions do not, and will never, contain any harmful or toxic chemicals, dyes, alcohol, additives, perfumes, or artificial colors. The spray tan is UV-free and streak free with a golden natural glow. Results last 7-10 days.

Recommended to exfoliate before, and wear no perfumes, deodorants, or oils. Wear loose fit clothing. No showering or bathing for 12 hours after. Single session \$50
